### Profile

Juan José Barragán Loaiza is a Pharmaceutical Chemist specializing in Regulatory Affairs, with 2 years of experience managing the regulatory lifecycle of pharmaceuticals, medical devices, and cosmetics. He is a member of the Intellectual Property and Competition Practice Group at Gómez Pinzón, where he leverages his expertise in health registrations, portfolio rebranding, and artwork harmonization. His comprehensive knowledge of international regulations (EMA, FDA, ICH, PAHO) and his skill in implementing strategies for CMC changes and labeling enable him to ensure regulatory compliance and maintain operational continuity in dynamic environments.

### *Studies:*

- Diploma Regulatory Affairs on Biological and Chemically Synthetic Medicines, Universidad El Bosque
- Pharmacy, University of applied sciences (UDCA)

He speaks Spanish and English.
