Profile

Laura García has over 3 years of experience advising companies on regulatory and legal matters in the energy, environmental, and mining sectors. Her practice focuses on regulatory compliance, administrative proceedings, and the development of legal strategies to navigate complex regulatory frameworks. She has also supported companies in due diligence processes and qualification rounds within the energy sector. Additionally, she has experience in the financial sector, where she has advised energy sector clients on the structuring of financing solutions for their commercial operations.

Studies:

- Law, Universidad de los Andes

She speaks Spanish and English.
