### Profile

Sebastian has over 7 years of experience. His professional practice focuses on urban law, applying his knowledge to the structuring of complex real estate projects and transactions for clients in both the public and private sectors. He is an expert in the formulation of territorial planning instruments and the management of urban licenses before public entities. This experience is complemented by leading due diligence processes and structuring purchase, sale, and asset management operations, ensuring the regulatory and commercial viability of the developments.

### *Studies:*

- Master's in Regional Planning and Environmental Management, Universidad de Barcelona
- Postgraduate Degree in Administrative Law, Universidad Nacional de Colombia
- Law, Universidad Nacional de Colombia

He speaks Spanish and English.
