## Practices and Sectors

- Environment
- Life Sciences and Healthcare
- Sustainability & ESG

## Profile

Enrique has over 16 years of experience in environmental law, health care and regulatory matters, with focus on healthcare, natural resources, and consumer protection.

### *Studies:*

- Diploma in Sanitary Law, Escuela Libre de Derecho, Mexico City
- Law degree (J.D. equivalent), Instituto Tecnológico Autónomo de México (ITAM), Mexico City

His working languages are Spanish and English.

## Experience

Enrique advises companies in identifying and obtaining any kind of permits, licenses, authorizations, and concessions required for their activities and operation. This includes a wide range of industries such as health services, pharmaceuticals, food and beverages, water, energy, mining, tourism, among others. He also has extensive experience advising on the regulation, importation, management, transportation and distribution of hazardous substances and other raw materials required for industrial purposes.

Likewise, Enrique has built a successful Life Sciences & Healthcare practice. He regularly advises clients the storage and distribution of regulated products such as drugs, food supplements, medical devices, cosmetics, food, alcoholic and non-alcoholic beverages, and tobacco. He is also knowledgeable in terms of the regulatory compliance of new and innovative products and their technology. Similarly, Enrique advises clients regarding product promotion activities and compliance within the healthcare and consumer protection regulations.

He regularly acts on behalf of clients seeking permit approvals before administrative authorities

such as the Ministry of Environment and Natural Resources (SEMARNAT); the National Agency for Industrial Safety and Environmental Protection of the Hydrocarbons Sector (ASEA) and the Federal Commission for the Protection against Sanitary Risks (COFEPRIS), among other government entities at local, state and federal level.

He also actively participates in the design and implementation of public consultation and hearings procedures under the guidelines of the World Bank and the International Finance Corporation to comply with the Equator Principles aim at obtaining infrastructure project financing.
